RENALYN D. ARGANA

QA Tester II (Level 2)

Muntinlupa City, Philippines | 0910-167-5719 | renalynargana@gmail.com | renalynargana.github.io/portfolio

PROFESSIONAL SUMMARY

Level 2 QA Tester with 3+ years of experience in manual testing, regression testing, functional testing, System Integration Testing (SIT), and User Acceptance Testing (UAT) across web and mobile applications. Promoted to Level 2 in recognition of consistent, high-precision testing performance. Skilled in test case design, defect/bug tracking and reporting, and working within Agile/Scrum and Waterfall software development lifecycles. Track record of closing 95% of defects before release and executing 400+ regression test scenarios per testing cycle. Experienced with JIRA, ClickUp, Postman, and API testing, with ISTQB Foundation-level training in manual testing fundamentals.

CORE COMPETENCIES

Testing Types: Manual Testing, Regression Testing, Smoke Testing, Sanity Testing, Functional Testing, End-to-End Testing, API Testing, Exploratory Testing

QA Processes: Test Case Design (Positive & Negative Scenarios), Test Planning, System Integration Testing (SIT), User Acceptance Testing (UAT), Defect/Bug Tracking & Reporting, Test Prioritization

Methodologies: Agile, Scrum, Waterfall, Software Development Lifecycle (SDLC)

Tools & Platforms: JIRA, ClickUp, Postman, Webflow, PyCharm, Visual Studio, Dev C++, XAMPP, Google Sheets, Microsoft Excel, Windows, macOS

Testing Scope: Web Application Testing, Mobile Application Testing, Cross-Browser Testing, Cross-Platform Testing

PROFESSIONAL EXPERIENCE

QA Tester II (Level 2) — promoted from QA Tester I
Elite Software and Data Security — Manila, Philippines *October 2022 – Present*
Projects: KLine KIDS (Crew Accident/Incident Database), KLine CMS (Crew Management System), KLine Crew Debriefing Form, KLine Crew Change Plan, VERIPRO (Crew Management System), MEMO Circular System (Vessel Database & Document Circulation) — Client: K Line.

- Executed manual testing on web and mobile applications across the full QA lifecycle, from test case design through defect resolution, helping close 95% of reported issues before each release
- Performed monthly regression testing covering 400+ test scenarios per cycle to confirm new updates did not break existing functionality
- Logged, tracked, and retested defects using a structured ticketing system, ensuring no issues went unresolved between releases
- Coordinated User Acceptance Testing (UAT) directly with clients and end users, confirming delivered features matched documented requirements before sign-off
- Authored clear system manuals and QA documentation that allowed new team members to onboard without one-on-one walkthroughs
- Identified and reported performance and usability improvements based on recurring patterns observed during regression cycles

Quality Assurance Tester — On-the-Job Training
Highly Succeed Inc. — Mandaluyong, Philippines *January 2022 – February 2022*
Projects: mWell Mobile Application (Healthcare — teleconsultation, e-prescription, patient records); mAgri Mobile Application (Agriculture — farm data tracking, crop monitoring, marketplace).

- Developed test cases from system requirements and vendor documentation covering teleconsultation, e-prescription, and patient record features for a healthcare mobile application
- Validated farm data tracking, crop monitoring, and marketplace modules for an agriculture mobile application through requirements-based test case design
- Coordinated with the project team to align testing timelines with development sprints and deployment schedules
- Recognized as Best Intern of the Month for performance and reliability during the training period

CERTIFICATION & TRAINING

ISTQB Certification Foundation Training — Software Quality Assurance Manual Testing

EDUCATION

BS in Information Technology
Pamantasan ng Lungsod ng Muntinlupa — 2018 – 2022

Information & Communication Technology (Senior High School)
Lakewood School of Alabang Inc. — 2016 – 2018

SOFT SKILLS

Organizational Skills, Time Management, Communication, Problem Solving, Adaptability, Collaboration, Leadership, Strong Attention to Detail, Curiosity, Continuous Learning.
